Dear Master Ott:

On behalf of the South Bend High School Tae Kwon Do class I would like to express my sincere appreciation to you and your staff and instructors for making a most memorable event in the lives of my students. Your dedication to not only the martial arts techniques, but the martial arts way, has not gone unnoticed on myself and my students. The martial arts cannot be complete without the mind, body and spirit unification.

What you and your instructors and staff did for my students is something that I believe can only be duplicated in another Master Ott seminar. Speaking to that issue I am committed to do everything within my power to see that as many of my students get an opportunity to attend your August seminar. If they were impressed with two hours of martial arts training, imagine what four days will be like. I even had one student tell me after the seminar that it was one of the best experiences in his lifetime.

Lastly, the "goodie bag" was a total surprise for my students. They did anticipate a "goodie bag", but not one of them even came close to anticipating your story on compact disc. Once again, Sir, your generosity came through. Also, your sense of humor was not lost on these students. I really liked your statement about if you have one life, it needs to be a good and fun one. It is easy to sense your ability to not only "talk the talk", but to "walk the walk."

Thank you again for making a big difference in my student's lives. I truly believe we can have a good representation at your August seminar. I am determined to see that this happens and will keep you informed.

Your Obedient Servant,

Master Michael Schroeder
