Dear Mr. Ott,

I write you to wish you best with the release of the audio-version of "Certain Victory." Your life story is inspiring and I am sure your new endeavor will be successful.

I recently read a March 24 story in the *Courier Post*, which prompted this letter. The article, which I am sure you have read, highlighted many of your life's achievements. Certainly, all that you have accomplished through adversity is a testament to your character.

As a United States Senator, I fight everyday to make life better for New Jerseyans. A life like yours certainly lends the inspiration to keep on fighting. Thank you for sharing your story.

Again, please accept my best wishes with your release of the audio-version of "Certain Victory." While you may no longer reside in New Jersey, you are indeed a fine ambassador of the Garden State.

Sincerely,

ROBERT MENENDEZ
United States Senator
