Dear Masters, Instructors and Students

We would like to welcome all Masters, instructors and students to participate in the Mid West Hapkido Seminar that we will be hosting May 8th & 9th of 2010. We look forward to it being an exciting martial arts seminar, where we will be able to practice many great techniques.

It is such an honor to be hosting this seminar with Master Steve Seo, as he is not only an amazing martial artist, but a renowned Hapkido technician as well. We feel blessed that we have this opportunity to train with such a prestigious Hapkido master. Our hope is that you also will feel the same and take advantage of this as it will greatly benefit training for anyone who does participate.

As we look forward to this spring season, and Easter being right around the corner, we feel so much happiness with the planning of gathering with our families. We also feel happiness in planning this seminar and anticipate the gathering of our martial arts family. It is our hope we can all share in this happiness together. There is something so amazing about seeing old friends and meeting new ones while practicing in the art we all share and love. Come and show our unity as martial artist to support Master Seo so he can return to Korea knowing Hapkido families everywhere appreciate him for the talented martial artist he truly is.

Can't wait to see you all in May at the Mid West Hapkido Seminar!

Sincerely,

Master Nathan Doggett
